

COLD[®] BUSTER Buddy Range

COLDBUSTER HEATED FOOT MAT

USE AND APPLICATION

The Coldbuster heated foot mat is intended to warm your feet while you keep a cool head. It uses less energy than an average light bulb. You save on electricity by using the Coldbuster heated foot mat and turning your room heating down or even off.

OPERATING INSTRUCTIONS - WARNINGS

- Do not place an object or cover on top of the heated mat that may insulate it.
- Do not leave infants or people who are immobile or insensitive to heat to lie or sit on the mat for prolonged periods.
- Do not use for warming animals.
- Do not replace the cord. If the cord is damaged, the mat must be scrapped.
- Do not use the mat if it is worn so that the binding around the edges or the carpet base becomes loose.
- Do not immerse in water. Brush off or steam clean.
- Do not use the mat if it no longer heats. The mat is of a sealed construction and cannot be repaired.
- Connect this mat to a plug socket which is on a RCD protected (safety switch) circuit.

SPECIFICATIONS

- Consumes less energy than 2 x 100W light bulbs
- Neutral carpet finish with over locked edges
- Plugs into any standard 240V wall socket
- 1000 x 500mm - 230V ~ 80 Watt
- 1500 x 500mm - 230V ~ 120 Watt
- 2000 x 500mm - 230V ~ 160 Watt
